ANNOUNCEMENT.

For Appellate Judge.
To the Republicans of the Seven
Appellate District of Kentucky:
I am a candidate for Judge of
the Court of Appeals from this
district, subject to the action
of the Court of Appeals, report
Election November, 1900.
Respectfully,
ED. C. SARAN.

THURSDAY, APRIL 12, 1888.

Let's all hope Dewey's candidacy
will not become absurd.

None of us is willing to father
the Dewey Presidential boom except
Mrs. Dewey, as the Irishman would
say.

The U. S. General is the Phillips
ippeus he called for reinforce-
ments. That Phillips subjugation is a tough proposition, sure.

Sister Dewey has gone into pol-
itics. There is nothing for those who
really love her and know that
"politics is hell" to do but try.

The Pennsylvania Democrats in-
structed for Bryan last week. But
Pennsy never fails to cast her
electoral votes for the professional
candidate.

The course by supporting what
is only designed to be legislative
action have mighty near left only
the right of revolution to correct
way-doing.

The war rumor has it that Rus-
sia and Japan are rushing prepara-
tions for a great war. It is a
dull time when the news doesn't
give a war rumor from the Old
World.

The great convention hall at
Kansas City where the Bryan
party was to meet to nominate
a ticket, was, according to the
newspapers, the greatest of the Bryanites
at Kansas City.

John B. Stetson, a sixteen-
year-old boy, took a ride at the
Prince of Wales with "a little
one-and-a-half" revolver at Brussels,
Belgium, and was killed by the
Prince of Wales, who is responsible
for the war. It is said that he
is a legitimate pro-
prietor of European revolution. Bryan
and political associations are the
logical outgrowth of rotted lawless
politics in the United States.

Our British friends seem to be
dumbfounded. The Boers have dis-
played so much glee of late. The
thing is getting a bit tickle for
Gen. Roberts. It is rather strange
too, that the Boers have lost their
most noted general.

Our anti-slavery raiders, a
brigade of Lawless Bullion, a
train of turpikes in Indians had
been popular year by year through
the anti-slavery raiding materials
to any extent of the people.

The report is that Gen. Custer,
commander-in-chief of Baby
Beckham's army, threatened to re-
sign if the Young Pretender didn't
decide to chain the dogs of war
until God would have a hand over
the court of final resort, the U. S.
Supreme Court.

The Boers caught 450 British in
one trap near Sussa Post, and
five companies to the nearer south
Bethany. The Boers are expert
trappers. The Boer chief of
staff, Gen. Vilhoelms Mar-
well, the French soldier of fortune
was killed and fifty men were cap-
tured near Bushol last week.

QUEEN VICTORIA had a great time
in India. It was good politics
to go there, and the part of
the Irish people to treat her
courteously at least. It may be
the case of many of the Irish
but the English can't see
any movement of the kind, for
the English people undoubtedly
reverence her.

QUEEN VICTORIA is something of
a political figure. She had the
last boy to be born in the
name of Patrick. If that doesn't
carry the Irish vote what will?
That boy may be King of Great
Britain and Ireland, and when he
comes to the throne he will have
admirable qualities of leadership
and admiration for the English.

LAVERNE is compelled to knock
under so far as the law concerning
the compact figures. The Court of
Appeals will only decide. Durelle
decided that the law of the
latter is supreme and gave a legal
title to Baby Beckham. But there
is no such thing as law in
Columbia. Beckham largely
corrected when he said "The
law is no law."

"Tallow Duck" comes in now
and, Jim Hoy, the Clark
county feminist, occupies the pedes-
trian's legs. The "Tallow Duck" of
Howard is represented as saying
that he can prove he didn't shoot
Prokofoff until after the shooting
had been completed and is ready to go
to trial. The "Tallow Duck" is
wasted. The prosecution has
innumerable other charges coming.

"W. H. Tammay has once
had the practical fact, we
have to consider that today it is
duty organized into an institu-
tion," says Mr. Tammay, D. D., of New York City.

To some power is a profound
tendency of human nature. Hence,
with all the good in the world,
the boudon of thinking, the
seizing individuals who desire the
utmost good for society to fight
with the boudon of the tendency
of organized power to
evil and wrong-doing. The one who
does so in a hero in fact, if he never
receives a particle of applause or
appreciation.

The Judge has prohibited any re-
ports of the new political action

development in regard to the search
for the assassin of Goebel are lost
for in the grand jury's report.

SENATOR HARVELL, of alleged
bribery fame, is out in an open let-
ter to the public, charging him
with a certain infidelity. The
Harriss turned the Galer
horseshoe to the public. What
Harriss threatened during the
November election. Isn't
the mess naeving enough for
you?

The whole of the contest
cases for the State of Kentucky
are expounded in the
agreement of both sides, so as
to get a decision from the U. S.
Supreme Court no sooner
than for outrages done under
the first of the new law, now
Harriss can't settle her. State
herself, and settle it right, she
is in a hopeless sort of way.

Dewey, it is said, casts his

is still open, and we are
looking for the past two days in
